LSPC - Swimming Upstream!

London Swimming Pool Company (LSPC) continues its unstoppable growth with a move to larger premises in its 30th anniversary year to accommodate its expanding team.

After 15 years in Southfields, LSPC has moved to new offices at Shannon Commercial Centre in New Malden. The large, airy new offices over two floors provides plenty of space for the growing design, construction, servicing, finance and admin teams.

Managing Director, Jamie Smith said: "This is an important milestone for us. The business has doubled in size in the last five years and we were bursting at the seams at the old office. Our new office provides a superior working environment, space to hold business meetings, on site parking for our fleet of vehicles and a secure warehouse for chemicals and spares – everything we need to enable us to respond to service calls quickly.

This office will see us through our next growth phase, which we're confident will be as productive as the last 30 years."
